HEAVY PAVING WORK
CALLED FOR BY
THE CITY

The city board of commissioners this morning directed the city recorder to publish notices that bids will be received for the paving with asphalt of Hudson avenue, between Twenty-third and Twenty-fourth streets; the concrete paving of Twenty-seventh street, between Washington and Jefferson avenues; sidewalk paving on Hudson between Twenty-third and Twenty-fourth, and on Thirtieth street, between Wall and King avenues. Deeds to property for opening Edison avenue, between Twenty-second and Twenty-third streets, were accepted from Mr. and Mrs. W. S. Daily and Mr. and Mrs. R. L. Wilburn.

A petition by property owners for sidewalk paving on Cross avenue extending two blocks east from Washington avenue, was referred to the superintendent of streets.

JAPANESE BEATEN BY
BULGARIANS AT
DEVIL'S SLIDE

M. Taniguchi, a Japanese section foreman, was brought to Ogden at 11 o'clock last night from Devil's Slide, and taken to the Dee hospital suffering of wounds supposed to have been inflicted by Rippe Neare and Sesepeen Krissel, two Bulgarians, who are now in jail at Morgan.

According to reports received in the city last night, Taniguchi was walking down the tracks near the section house, at Devil's Slide, when he was waylaid by two men armed with clubs. He was badly beaten and left for dead at the side of the tracks, while his assailants ran toward the mountains.

The injured man was found a few minutes later and was given attention by a local physician, but his condition seemed so serious that he was brought to Ogden on a special train.

News from the hospital is to the effect that his injuries consist of a number of severe scalp wounds and bruises on the neck and shoulders. Reports from the hospital at a late hour this afternoon were to the effect that the injured man was resting easy, but had not been determined whether his skull had been fractured.

Shortly after Taniguchi had been beaten, a posse of officers and citizens was formed, and, after searching for several hours, surrounded and captured the men about a half-mile from Devil's Slide. Neare is 19 and Krissel 22 years of age.

CITY OFFICIALS FROM
SALT LAKE GUESTS
OF BAMBERGER

Members of the Salt Lake board of commissioners, together with the engineer and city attorney are the guests of Simon Bamberger in Ogden this afternoon looking over street improvement plans being made and examining the plans for contemplated street paving. Including the Ogden City commissioners, Engineer Washington Jenkins and City Attorney Valentine Gideon, there are 21 in the party making a tour of the city in automobiles.

Senator Bamberger is an enthusiastic advocate of concrete roadbed for car lines on asphalt streets and it was at his instance that the Salt Lake road builders and administration officers came to this city to see the results of such construction. The party will be taken over Washington avenue to see the concrete roadbed that has been in use on that avenue near the river bridge for the past few years. All other paved districts will be visited and the paving in course of building will be investigated.

The visitors were the guests of Senator Bamberger at the Weber club at luncheon and before returning home a trip over the canyon boulevard was enjoyed.

Not long ago the Ogden board of commissioners visited Salt Lake and made a careful survey of the paved streets returning home with the impression that there was no street in capital city in better condition than Washington avenue north of Twenty-second street. Acting on the investigation in Salt Lake, the commissioners granted the request of the Ogden Rapid Transit company and the Salt Lake & Ogden Railway company to build concrete roadbeds in the paved districts.

The following real estate transfers have been placed on record in the county recorder's office:
Zelpha Stephens to Franklin Stephens, lots 11 and 12, block 10, Lake View addition, Ogden survey. Consideration \$50.

The Davis and Weber Counties' Canal company to the Utah Power & Light company, parts of the north-west quarter of section 19, township 5 north, range 1 west, Salt Lake meridian. Consideration \$538.

Melvin B. Sowles to R. L. Wilburn, part of lot 1, block 39, plat C, Ogden survey. Consideration \$700.

CHICAGO PAPERS ARE
TO WRITE UP THE
OGDEN SCHOOLS

G. H. Place, who is connected with the editorial department of the Salt Lake Telegram, visited Superintendent J. M. Mills yesterday afternoon for the purpose of securing information regarding some phases of the local school system and some of the ideas that it has been proposed to carry out.

The interview was sought by Mr. Place as the result of his having received an assignment from a Chicago newspaper syndicate, to write a story of the educational situation in Ogden, with illustrations of practical work being done in the city.

In speaking of the visit of Mr. Place, Superintendent Mills stated that he would give the information desired, with the thought of showing what the local system is doing and intending to do to make the schools beneficial to not only the children, but the community at large. Some of the pictures, which will illustrate the story that is to be written by Mr. Place, will be reproductions of the domestic arts and manual training departments of the Ogden high school; a photograph of the high school class in horticulture, pruning an orchard; the Ogden High school night class in domestic science, and several other interior views. In addition to these, a photograph was taken at the Grant school this morning, which will show what is being done among the children along organized play without equipment.

A photograph was also taken today of the \$2800 equipment in the Liberty park playground, without the children.

The picture taken last night, at the recital in the Ogden high school, will be used to illustrate the social center idea.

CHAIN-GANGING THE
S. P. PASSENGER
CREWS

Conductors on the Southern Pacific, running between Ogden and Carlin, who had preferred runs on passenger trains, claim that one reason for the cutting down of passenger trains was the complaint made by other conductors in opposition to any of the trainmen having preferred runs.

For nine months, regular runs were assigned and then the uproar started which brought about the "chain-gang" of all conductors—first in, first out. Now no crew on passenger runs from here to Carlin knows when the call sign will come and the men are compelled to respond as do freight crews.

On the west end of the division the passenger crews are given regular runs and the change has not effected them.

BASEBALL

The directors of the Weber club held their regular meeting today and decided to telegraph an invitation to the party of Denver & Rio Grande traffic directors and general agents, that is to hold a "family conference" in Salt Lake City next month, to spend an afternoon in Ogden.

The D. & R. G. officials are coming west in a special train and the conference in Salt Lake City is scheduled for June 1, 2 and 3.

The telegram extended to them an invitation to visit Ogden as guests of the Weber club and, if it is accepted, they will be taken for a trip to the Hermitage in Ogden canyon, with a lunch at the Weber club on their return. It is expected that between 150 and 200 officials will be in the party and every effort will be made to have the visit one of the most pleasurable events on their western trip.

J. D. Larson and R. E. Bristol of the Publicity bureau also reported having passed the last two days between Ogden and Evanston, placing Lincoln Highway signs along the highway, via Birch Creek, Weber and Echo canyons. The report was to the effect that the road had been so placarded that there can be no possibility of mistaking it. The highway is already in fairly good condition and eight crews of men are working steadily in Weber, Davis and Summit counties to repair the bad places.

Despite the fact that the Summit county authorities are having repair work done on the highway through Echo canyon, the Weber club and Salt Lake Commercial club have deemed it necessary for the state to lend its assistance at this point and a committee from the two organizations will meet with the state highway commission next Monday and urge them to make permanent road improvements in Echo canyon. The Weber club committee will consist of M. S. Browning, R. E. Bristol, Dr. H. M. Rowe, A. P. Bigelow and J. D. Larson.
